Sir:

This is responsive to the Office Action dated March 28, 2001 in connection with the
above-referenced patent application.

IN THE CLAIMS:

Please delete claims 2, 11 and 12.

The applicants have amended claims 1, 6, 8 – 10 as follows. A replacement of these
amended claims is enclosed for further examination.

1. A computer telephony server for interfacing a plurality of computer
telephony applications programs to one or more of a plurality of telephony environments,
the plurality of environments being accessible to the computer telephony server, said
computer telephony server comprising:
